

Health Self-Check Sheet

☆Check before you go out of the house.

☐ Is your body temperature is higher than usual (higher than around 37.5 degrees celsius)?

☐ Do you have a cough?

☐ Do you have any cold symptoms such as sore throat or sneezing?

☐ Do you have a strong drowsiness or breathlessness?

☐ Do you have any digestive symptoms (unusual symptoms) such as diarrhea?

☐ Headache (unusual symptoms)?

• If you have unusual symptoms, don't strain yourself and rest at home! In this case, please be sure to contact the school.

• If you are positive in corona, please cooperate in wearing a mask until 10 consecutive days have passed from the onset of the disease after the suspension of attendance is lifted.
